## Ceramic Collection

It's true what they say – blue and white really is forever. This particular version of the storied color combo is like a postcard from France, inspired by the very tiles in Monet's own kitchen at Giverny. Motifs from the garden recall the gentle silhouettes of leaves, petals, iron gates and latticework. The subtly wavy surface of the tiles lends a handcrafted feel similar to zellige, and the white ground is flavored with a soothing creamy tone, yet the deep marine blue patterns are perfectly crisp, and the glaze is glossy. This thoughtful and intentional juxtaposition creates a tile surface that feels clean yet warm, with a hint of the old-world and a dash of the new.

Chez Monet is a 21st century update of a documentary Country Floors signature collection, newly refreshed as a versatile solution to bring the charm and panache of blue and white to interiors classic and modern, city and country, residential and hospitality.
